

23rd INTERNATIONAL TEACHING WEEK

8th - 12th April 2024

Faculty of Physical Culture
Palacký University Olomouc

What is the **International Teaching Week** about?

Invited guest speakers from all over the world give **2-4 different lectures (70-75 minutes)** on topics related to sport fields or physiotherapy. There are also several **cultural/social events** and the teachers have time to **meet their colleagues and build new international partnerships**.

Lectures are scheduled in regular classes of English language for the students of our faculty. They can be both **bachelor** and **master** students and their fields of study vary - **P.E. teaching, adapted physical activity, physiotherapy, recreation and leisure studies or sports**.

The lectures are also available to our **international students** on undergraduate and graduate level and also to **PhD students and academics**.

How to choose your **topics**?

The **topics can be anything related to your area of expertise**, e.g. something connected to your current research or a course you teach at your university.

Practical lectures are also welcome! Just make sure we can provide the equipment and facilities you need.

Send us **2-4 topic suggestions** and we will choose what best fits into the **ITW programme**.

What is the **programme** usually like?

Saturday/Sunday – Arrival

Monday – approx. 8-15 – lectures, afternoon free

Tuesday – approx. 8-15 – lectures, evening Welcome dinner

Wednesday, Thursday – approx. 8-15 – lectures, afternoon city tour and cultural programme (differs every year)

Friday – possible lectures in the morning, approx. 11am Farewell brunch

Friday evening/Saturday – Departure

Book the whole week for this event and do not leave before 1pm on Friday!
